**Those who like skiing, snowboarding, walking in the snow, delicious food
and tasty wines can get their fill in the Italian Dolomites.**

*Skiing in this extensive and absolutely
beautiful area is a unique experience.
The wooded environment in itself is beautiful,
but the stunning view of the sharply pointed
Dolomites makes the experience even
more special.*

**It's not for nothing that the mountain range
is on the UNESCO World Heritage List.**

**With CLUB EPO-SKI you will make wonderful ski tours in 2023 through these magnificent
mountains.** How about a lovely descent from the top of Mount Lagazuoi from where a 360 degrees'
view of the Dolomites can be enjoyed in all its glory. From here there is a descent of just over 7
kilometers, situated in the heart of the Dolomites. Along the way you'll come across
Rifugio SCOTONI Hütte (Alpe Lagazuoi)
which you definitely shouldn't just ski past.

We strongly recommend you enjoy a lovely lunch here!!
After lunch continue on your way and end up at the horses.
They're waiting there to take you on an authentic "horses ski-lift".
**A once (?) in a lifetime experience. And finish the day with
a super delicious Bombardino!**
